2021 ALREADY?

It truly is unprecedented times and the new year has begun on such a *virtual* note! Although the distance, I believe together we will still be able to support your children's learning journeys. Through our off-site learning videos, the children will learn and build on language and physical development. They will also be introduced to being self-aware and to their surroundings. To those who have recently joined the Under 2s programme, a virtual warm welcome to you all! I am pleased to play a part on your children's learning journeys!

THEMES & LEARNING INTENTIONS

The Animal Boogie,
My First Chinese New Year,
Bringing in the New Year-

- To promote physical awareness and gross motor skills
- To build self-expression skills through Music & Movement - learn rhythm and promote body coordination skills
- To reinforce the awareness of colours all around
- Reinforce learning about animals, their sounds and actions
- Exposure to celebrations through Music & Movement
