Art Attack

Children are learning to be risk-takers by trying new art experiences: drama, music, literature and visual arts, different art techniques and media. Be positive about sensory and creative art activities, including messy ones too. It is the process that counts, and not the end product.

Encouraging and supporting children to explore will help to develop their imagination, freedom of expression, creativity and independence.

Discover the arts with your family in Hong Kong, and have fun!

Yummy Food

Growing children need to eat a variety of foods with different textures and tastes for good health and development. Adults should encourage their child to sit at the table and to feed himself/herself to develop independence and self-care skills.

Children will learn about the importance of healthy food, good eating habits and social skills. They will also have the opportunity to prepare and taste delicious food. Please let us know ahead of time if your child has any food allergies.

Summer

Our last theme for the school year is *Summer*. The weather is hot and humid, so let's cool down with some fun activities. There will be opportunities for individual sensory play with sand and water in the classroom, so children can learn to use their imagination to build sand castles and go fishing. They can also play with balls and bubbles. During this time, we should remember to stay cool by drinking lots of water and wearing a sunhat when going to the playground.

We will also talk about foods that people like to eat during the summer.

夏天和食物 親子班單元通訊（普通話）

親愛的家長：

本單元的主題是「食物」和「夏天」。幼兒正處於接受新事物的關鍵期，爲了讓幼兒在探索的過程中學習更多食物的種類，我們將通過“摸一摸、聞一聞、拚一拚”等遊戲，提高幼兒對食物的認識。

夏天快到了，我們將通過圖片、繪本故事、實物等媒介帶領幼兒探討夏天的天氣、衣物和可進行的活動，激發幼兒探索自然現象的興趣。

親子遊戲

在房間的一端放上若干洗乾淨的水果（其中有蘋果）讓孩子坐在另一端，（中間相隔2到3米），告訴她（他）爬過去拿蘋果。

2、待她（他）過去拿取一個蘋果後，成人鼓掌表示鼓勵，並把蘋果獎給孩子。
